

FAO Rosie Carlow, The Review Manager, Dacorum Review

At its meeting on 20th February 2006 Tring Town Council resolved to welcome and endorse the proposals of the Boundary Committee for Dacorum, as issued on 29th November 2005.

However, in the interests of fully reflecting local opinion, it also decided to enclose/attach the differing opinions of the Majority and Minority Groups on the Council, which were considered at the meeting and fully debated before a decision was made.

The Council hopes that all the documentation is considered before the Boundary Committee comes to a final decision.
